

BE AN ACE ADVOCATE

An ACE advocate believes in the value and necessity of Catholic education. They are someone who believes in the importance of supporting families across Middle Tennessee who want their children to attend a Catholic school but can't afford its full cost.

For the first time in the history of the ACE Dinner, donors will be able to donate to ACE and designate which diocesan Catholic school in Middle Tennessee they would like 100% of their funds to support.

Our schools need your help! Our dream is to build this fund to a place where we can say "yes" to every family and child that desires a Catholic education. Please join us in this mission.

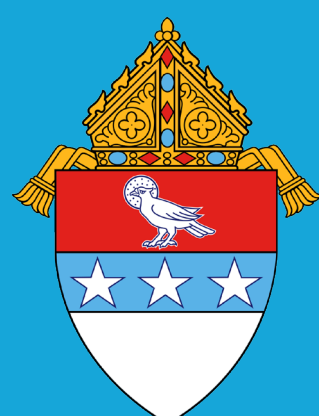

"Imagine if every child had the benefit of a good Catholic education."
— Mike Shea, ACE Board Trustee
